Perry Youth Killed In Cornettsville Crash

An automobile accident at Cornettsville on Friday night has taken the life of a 15 year old Perry County boy and seriously injured a companion.

Lloyd Brashear Jr. died Saturday night at 11:17 p.m. at Mt. Mary Hospital.

Brashear was a passenger in a auto driven by Roger Sturgill of Viper.

According to Kentucky State Police the accident happened this way: The car was traveling North on Kentucky 699 at a high rate of speed. Sturgill lost control of the vehicle in a curve, traveled 117 feet on the left side of the road, came back into the center of the road leaving 45 feet of skid marks along the right side of the highway and 15 feet of tire marks on

the right shoulder of the road and then struck a pile of rocks before coming to rest at the edge of the river.

Caudill is listed in fair condition at Mt. Mary Hospital.

According to KSP Sturgill left the scene of the accident and has not been located as yet. Kentucky State Trooper Jerry P. Cook investigated the accident.

Brashear is survived by his mother, Mrs. Gracie Osborne and his step father, Johnny Osborne both of Viper; one brother, Jesse Ray and one sister, Linda Grace at home.

Funeral services were held this afternoon at 2:30 p.m. at the Lone Pine Baptist Church on Mason's Creek with Rev. Marion Brashear officiating.

Burial was in the Brashear Cemetery on Mason's Creek with the Brashear Funeral Home in charge of arrangements.

Lloyd was a student at the Barrett Hill Grade School on Mason's Creek.

Strip-Mine Reclamation Plans

The State Strip Mine and Reclamation Commission is expected to adopt new regulations tightening controls over the strip mine industry later this year.

The commission will act on the proposed new rules after it studies testimony given at a public hearing here. Witnesses for the commission as well as opponents of the proposed regulations testified at the hearing.

The State has proposed regulations that would require more grading in the Western Kentucky coalfield and in effect prohibit mining on many steep slopes in Eastern Kentucky.

Both the grading requirement and the steep-mine prohibition were sharply attacked by strip mine operators and witnesses called to support their testimony.

Dr. A. G. Chapman, a Southern Illinois University professor

formerly with the U. S. Forest Service, said the proposed grading would cause erosion and water pollution and would hamper reclamation.

Extensive grading will compact the soil, he said, and result in poor water absorption.

Taking the opposite view was Woodrow W. Smith, a staff member of the State Water Pollution Control Commission. He said water running off ungraded slopes would cause pollution.

Dr. S. A. Braley, Pittsburg, Pa., disagreed. "Acid water from strip mines is a very minor factor as far as water pollution is concerned," said Braley, a former member of the Ohio River Valley Sanitation Commission.

Another area of contention in the Western Kentucky coal field was the salt-marsh mosquito problem.

Charles R. Page, Jr., a Chattanooga, Tenn., forester and

This time, however, the two members who were planning on attending the meeting Thursday evening were ill and did not attend.

Perry County Superintendent Dennis Wootton then called a meeting at the home of Sparks in Buckhorn where three of the members along with the superintendent met and transacted business.

Three board members are required by the state law before a meeting can be held.

J. R. Hurt, chairman of the board, and George Caudill were the two members to attend the meeting besides Sparks, who is recovering from a heart attack.

Paul Campbell and Dacker Combs, the minority on the school board, did not attend.

According to Superintendent Wootton, the changing of the meeting date was due to the fact that it would be easier for everyone to attend the meeting on Saturday morning instead of a working day.

The board approved the following reports at the meeting: checks for administrative officers, checks for contract salaries, checks for teachers and the financial reports.

In other action: Charlie Combs was hired by the board as janitor at the Cornett Hill School for \$125.00 per month.

They also hired Charlene Halcomb to teach at the Huff School and Ruth Wilson to tutor students at the Glomawr School.

Ernest Pendergrass was employed as permanent bus driver.

Faulkner's Garage was the low bidder on a new truck to be purchased by the local board. Faulkner's bid of \$2,220.00 was \$20 lower than the bid made by Gene Baker Motor Co. Other bids on the truck were: Lee Cruchfield, \$2283.90 and Seale Motor Company, \$2350.00.

Beams Electric Company was the high bidder on two of the three school buses up for sale by the county and Lenon Hoskins was high bidder on the third bus.

Beams' offer of \$200 on bus number 16 was followed by

Dan Maggard, \$157.00; K. L. Noble, \$101.00 and F. M. Campbell, \$85.00.

The \$100 bid by Beams on bus number 19 was followed by Charles Miles, who bid \$100 but wanted to make monthly payments; F. M. Campbell \$77.50; Glen Huff, \$75.00 and Hiram Nolan, \$45.00.

Bus No. 2 brought a high bid of \$110.00 from Lenon Hoskins. Other bids on the initial bus were: F. M. Campbell, \$102.50; Beams Electric Company, \$100.00; Hiram Nolan, \$85.00; Glen Huff, \$75.00 and Sewell Campbell, \$50.00.

On a motion by George Caudill, the board voted unanimously for bids to blacktop basketball courts for the following schools: Buckhorn, Chavies, Blus Diamond, M. C. Napier, Robinson, Dilce Combs, Viper, and R. W. Combs.

The board also voted to advertise for bids to blacktop the road leading to the R. W. Combs School at Happy from Highway 15.

According to the financial report, the county began the month with \$252,034.51 and received \$136,394.32 during the month. They spent \$164,157.21 during the month of September and ended the period with a balance of \$224,271.62.

Sheriff's Office Reports Heavy Weekend Arrests

Deputies Carl Smith and Arlis Begley of the Perry County Sheriff's Department report another heavy weekend of arrests made in Perry County over a three-day period beginning Thursday evening.

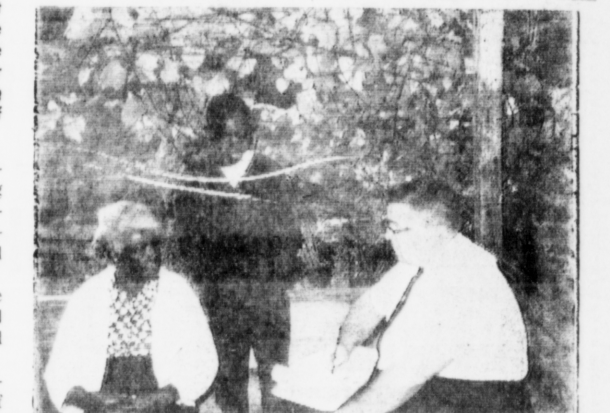

Two juveniles were arrested at Clara's Place, a tavern located on the Perry-Knot line on Kentucky Highway 80 and juvenile court was set for Friday at 10 a.m. before Judge Babe Noplis.

The operator of Clara's Place is to appear in Perry County Court at the same time with the Alcoholic Beverage Control sitting in.

The sheriff's department made one arrest on Thursday on a public drunkenness charge.

One breach of peace charge, eight drunkenness charges and three men caught with moonshine in front of a traven in the county were reported Friday.

Seven were arrested for drunkenness on Saturday bringing the total number of arrests for the three-day period to twenty-two.

Naegle Interviews Student

The first class for retarded children in Hazard for several years will open Monday, October 18. One of the children who will be attending the class is Benny Finisson, pictured above with his mother Neader Finisson, and the Director of Admissions of the school, The Rev. John A. Naegle.

Benny is quite eager to get started again in school. His mother told us that one of the first questions Benny asks each morning, now that he knows he is going back to school is: "Mom, is today the day for school?"

Yes, the retarded children of our community are all most eager to begin school, but at this point we do not have the facilities or the money to offer classes for all these children.

The Hazard City Board of Education has given us the building at the corner of College and Broadway to use for our class, and the H.A.A.R.C. is in the process of redecorating the interior for 'opening day.'

The President of the H.A.A.R.C., Garland Wells has extended an open invitation to the public to visit the school and see what is being done.

Breathitt Man Slays Fred W. Campbell Near Jackson

A Breathitt County man has been lodged in the Breathitt County Jail and charged with murder in the fatal shooting of a 43-year-old Villa Park, Illinois, man.

According to Kentucky State Police and the Breathitt County Sheriff's Department, Harold Sallee of Lost Creek shot Fred Willard Campbell of 516 Armitage Avenue, Villa Park, Illinois shortly before midnight Saturday at Sallee's home.

Campbell was shot three times below the rib cage according to reports.

The Gabbard Funeral Home of Jackson rushed Campbell to the University of Kentucky Medical Center in Lexington, but was dead on arrival at the UK Medical Center.

Details of the shooting were not available according to the law enforcement agencies.

Trooper John Adams of the Hazard Post and Breathitt County Deputy Thorpe investigated the incident.

Dealers Report Good Response To 1966 Automobiles

By Arlis Fields

Autumn, a time when the trees show off their many different colors, the World Series comes along, the football season is in full swing and the time when new car dealers in the area show off the new models for next year.

All dealers in the Hazard area have their 1966 models on display and according to reports public response to the new cars has been outstanding.

Several of the dealers report that they have already sold some of the new models to the eager new car buyers.

One of the first new models to leave a dealer's showroom was the 1966 Plymouth Belvedere II. Mr. E. G. Sherman, of Big Creek made the purchase at Fallon's Garage last Thursday morning.

Another dealer, Gene Baker Motor Company, let the first '66 Ford go to Mr. Leon Brashear of Wabaco on the same day. Mr. Brashear is the owner of the sporty version of the Ford

Fairlane 500.

Seale Motor Company, where the new Chryslers, Dodges and Simcas are on display has put '66 cars in three buyer's hands.

Mr. Rex Caudill, of Smithsboro, is the owner of a 1966 Dodge Polara.

The Simca, a Chrysler product made in France, is also on display at Seale's and Dr. Eli Boggs of Hazard and Mr. John Shively of Vico have purchased new models of the small car.

According to officials at Seale Motor Company response to the '66 models has been, "just great."

A spokesman said this morning that, "the public seems to like our Chrysler 300 series best of all."

Lee Crutchfield Inc., pulled the wraps off the 1966 Chevrolet on Friday morning and officials there say they have had fine success with their models.

Faulkner's Garage is proudly showing off the new Remblers for '66, the new Oldsmobile will go on display at Faulkner's

on October 14.

Another new car buyer wasted no time in purchasing a 1966 model as Mr. Don Combs, of Airport Gardens, is the owner of a new Rambler Classic. Mr. Combs made the deal Saturday with Faulkner's.

Down at Davidson Motor Company where the tigerized Pontiacs went on display on Saturday the public has given good support to those new models.

MAIN FEATURE—SAFETY

The main feature of all the new 1966's is safety with all models having seat belts in both the front and rear seats, padded dash and outside rearview mirror.

Only three new cars have yet to be put on display in Hazard, the Buick, Cadillac and Oldsmobile. Those three will be out on October 14.

The 1966 model year offers a wide range to choose from in any size and price area.

School Board Votes To Change Meetings To Saturday At 8 a.m.

The Perry County Board of Education voted 3-0 to change their meeting date from the first Thursday evening after the first Monday of each month to the first Saturday morning of each month at 8 a.m.

The board voted in the measure at their regular meeting Saturday morning at the home of Hensley Sparks in Buckhorn after two efforts to meet at the Educational Building in Hazard failed.

The regular monthly meeting was originally scheduled for the Educational Building last Thursday evening at 5:30 p. m. Two of the board members were reportedly out of town and a third, Hensley Sparks, was ill at home and could not make the trip to Hazard, and the meeting was postponed.

The meeting was rescheduled for Saturday morning at 8:00 a. m., at the same place, but only two members were available again.

The board voted unanimously for bids to blacktop basketball courts for the following schools: Buckhorn, Chavies, Blus Diamond, M. C. Napier, Robinson, Dilce Combs, Viper, and R. W. Combs.

The board also voted to advertise for bids to blacktop the road leading to the R. W. Combs School at Happy from Highway 15.

According to the financial report, the county began the month with \$252,034.51 and received \$136,394.32 during the month. They spent \$164,157.21 during the month of September and ended the period with a balance of \$224,271.62.

On a motion by George Caudill, the board voted unanimously for bids to blacktop basketball courts for the following schools: Buckhorn, Chavies, Blus Diamond, M. C. Napier, Robinson, Dilce Combs, Viper, and R. W. Combs.

Ralph Peters Announces For Police Judge City Of Hazard

To The Voters of The City of Hazard

The regular November election will be held on Tuesday, November 2nd, at which time you will elect a Police Judge, along with other city and county officials. Having been honored by being heretofore elected and having served you as your Police Judge for several years, and after encouragement from many of my friends, I have again decided to ask for your support and votes to serve you. During the time I was your Judge, many visited my court and had opportunity to witness the conduct of the Court. You saw justice carried out and fair and impartial treatment for all who came before me, and I made every effort to use judgement and reason in dealing with the public. I used every means to curb crime and gave the law enforcement officers my cooperation and help at all times. My Court will be held at 10:00 A.M. every morning. This will give the police time to summons a jury, when a jury is needed, and will also give defendants and City Prosecutor time to have their witnesses summoned, and still leave time to dispose of the business of the Court during business hours. I will be available at any hour, day or night, as I was throughout my terms serving you as Police Judge or Hazard.

OVER \$220,000.00 TURNED INTO CITY TREASURER

The Police Court is one of the most important branches of your City Government. My record and qualifications are known to many and I invite your inquiring of my actions while in this office. As your Judge during my terms over \$220,000.00 was turned into the City Treasurer for fines and forfeitures and that is a record I am justly proud and willing to stand on.

I am asking your consideration, support and votes in electing me as your Police Judge and will greatly appreciate any help you can give. Thanking you in advance.

Yours Sincerely,
RALPH PETERS

"The Old Country Preacher"

In Hazard, Kentucky, the heart of the hills, A dear old country preacher dwells. To the gospel of God he has devoted his life, He has made it a living sacrifice. For many a year these roads he has trod, Telling men and women there is a living God. Telling people every where, To repent of their sins for the end is near. Giving counsel to the churches trying to keep them in line, Begging for peace with all man kind. He has baptized many in the waters so deep, Took the communion and washed the saints feet. He has never asked for silver nor gold, For preaching the gospel to lost souls. He has never ask for gas in his car, Although he has traveled near and far. He has traveled by night, He has traveled by day, Never forgetting once to pray. He has prayed for the sick, He has prayed for the lame, He has prayed for the ones that persecute his name. So in closing I would like to state, This humble old preacher is T. G. Bates. And many years after he is gone, His memories in our heart will live on and on.

BUCKHORN HIGH SCHOOL

School Plans Halloween Party

By Jeannie Gross

Halloween will soon be here and we're going to have a Halloween Carnival. The Kings and Queens have been elected and are the following: Senior—Joan Whitaker and Freddy Merrill; Junior—Linda Bailey and Lonnie Riley; Sophomore—Joy Bowling and Earnest Maggard; Freshman—Sheila Howard and Freddy Griggs; Seventh and Eighth Grade—Joy Smith and Alvin Couch. We are planning on a very exciting carnival and everybody is welcome.

We all were very sorry about Ann Hamblins accident. She fell and cut a very bad gash in her chin. She was taken to the hospital and had several stitches. We all hope it heals quickly. Billy Ray Bush got his collar bone broken, but seems to be getting along fine.

Have you noticed what a beautiful campus we have? If not, the next time you come through Buckhorn notice it. The grass has come up and the gravel paths have been replaced since the flood washed them away.

We got our report cards Monday. The following persons made no grade lower than a B: Seniors—Janice Bailey, Phyllis Campbell, Rita Minter, Douglas Campbell, Buster Gay, Keith Merrill, and Donnie Ray Spencer; Juniors—Alexander Collins; Sophomore—Sandra Carroll; Freshmen—Brenda Sizemore, Linda Combs, Sharon Lucas, and Aubrey Baker; 8th Grade—Gerald Tucker, Alvin Couch, Judy Eversole, and Dennis Sandlin; 6th Grade—Donald Baker, Reba Rice, and Shirley Smith; 5th Grade—Deborah Lynn Amis, David Johnson, and Ernie McIntosh; 4th Grade—Carl Stanley Begley, Stanley Bruce Stamper, Carl Gay, Jr., Marie Eversole, and Joe McIntosh.

ASK ANN LANDERS

Dear Ann Landers: I am writing in behalf of my brother who is so mad he is actually cross-eyed. (One eye sort of goes over to the side when he gets excited and this morning he was madder than I have ever seen him.)

Oogie is 15 and has a mind of his own for which I admire him. He likes the Beatles and also the Rolling Stones. Oogie is no nut but he does happen to wear his hair longer than most kids. This has been talked about at the dinner table a lot lately because my folks hate it.

A few days ago my Dad ordered Oogie to get a haircut. Oogie said he'd think about a trim but not an actual cut. Well, early this morning my Dad went into Oogie's bedroom with a pair of scissors and he whacked off big chunks of hair on the side and in the back. Oogie woke up a few minutes later and boy did he ever get mad. He screamed about liberty and human rights and the four freedoms. My dad said the freedom to let your hair grow like a sheep dog is not one of the four freedoms. Oogie said how a person wears his hair is his own personal business. My dad said as long as a kid lives in his parent's house, and eats and sleeps there, it is their business, too.

How do you feel about this? — CUT TO THE QUICK
Dear Cut: If there's anything I have no desire to get mixed up in it's a fight between a sheep dog and his parents. If Oogie looked like some of the kids I've seen, I can understand why your Dad lost his temper.

I do feel, however, that your Dad should have laid down the law and ordered Oogie to get his hair trimmed instead of wielding the scissors himself.

Dear Ann Landers: My father was a successful but conservative businessman. He would never buy a used car because, in his words, "It's foolish to buy somebody else's trouble." When I told him I wanted to marry a divorced man, he used the same phrase.

Although I am only 24 and have been married less than a year people who meet me on the street ask me if I've been sick. My husband has made a nervous wreck out of me with his fault-finding. I can't do anything to suit him. He has a terrible temper and is tight with money.

So, Ann, when women write and ask if they should marry a divorced man, tell them what my Dad told me — advice I was too stupid to believe: "It's foolish to buy somebody else's trouble." — WOULD'N'T LISTEN

Dear wouldn't: Thank you for letting us know how it is with you, but the statistics tell another story. The chances for a lasting marriage are slightly better when one of the partners has had a previous marriage. Surprised? I was, too.

When you get to the two-time losers, however, the statistics take a sharp turn for the worse. And the more often a person marries after that the slimmer his chances for making a go of the next one.

CONFIDENTIAL TO SHOULD I OR SHOULDN'T I?: You SHOULDN'T! The man you describe has all the qualities of a dog except loyalty. Tell him to get lost.

No teen-ager is as confident as he appears. Get clued in. Send for Ann Landers' booklet "Dating Do's and Don'ts," enclosing with your request 35c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

Robinson-Barger Engagement Told; February Wedding Planned

Mr. and Mrs. Richard John Vincent Robinson, of Route 1, Tates Creek Pk., Lexington, announce the engagement of their daughter, Anne Lorene, to Mr. Dean Dover Barger, Jr., son of Mr. and Mrs. Dean D. Barger, Sr., of Chattanooga, Tennessee.

Miss Robinson is a graduate of Henry Clay High School, Lexington, attended the University of Tennessee at Knoxville, Tennessee, and is now a sophomore at the University of Kentucky.

An early February wedding is planned at the Christ Episcopal Church in Lexington.

Miss Robinson is the niece of Mr. and Mrs. Lee Crutchfield, of Hazard.

Miss Day Will Speak At Conference For Home Economics Teachers Here

The Home Economics Teachers Conference will be held October 12 in Kentucky Power Company's Hazard auditorium. Featured this year is N. Ember Day of Louisville, Kentucky, Regional Home Economist on the staff of Consumers Institute, General Electric Company, Appliance Park.

Miss Day will introduce the teachers to the new features of the five major appliances provided without charge to the schools by Kentucky Power Company. The five appliances are range, washer, dryer, dishwasher and refrigerator-freezer.

Kentucky Power has 143 major appliances in service in the schools in its Hazard Division, which serves parts of Breathitt, Knott, Leslie, Letcher and Perry Counties.

Miss Day represents the Consumers Institute as a Regional Home Economist in the Central Area of the United States. She conducts training meetings on the use and care and sales features of General Electric Appliances. These meetings are with General Electric Distributors and dealers, electric utility home economists, school and college teachers, extension specialists, radio and television, and magazine and newspaper home-making editors throughout the country. Miss Day also develops demonstrations and writes bulletins on the features of the appliances to be used in training.

Miss Day has had a great deal of experience in conducting promotional and training programs on both kitchen and laundry appliances. As a distributor and regional home economist she has contacted homemakers to give them instruction on the use and care of their appliances.

Prior to her work in the business field, Miss Day taught Vocational Homemaking in her native state of Iowa. She received her degree in Home Economics from Iowa State College in Ames, Iowa.

Miss Day, well known in the home economics field, is a member of American Home Economics Association, Home Economists in Business and Electrical Women's Round Table.

M. C. Napier FHA Sells Cookbooks

The Future Homemakers of America chapter of M. C. Napier High School is conducting their annual sale of the famous cookbook, "Favorite Recipes of Home Economics Teachers." The 1965 edition features Casseroles (including Breads). These cookbooks are sold only for fund raising. The 1962 edition features meats, the 1963 edition features desserts, and the 1964 edition, featuring salads. These books may also be obtained from the club. The 1966 edition, will be available in January.

Homemakers will find in this book the most complete collection of casserole recipes ever printed. It contains more than 2,000 recipes submitted by home economics teachers from every section of the United States. The recipes are very practical and are suitable for everyday meals as well as creative and gourmet attractions.

A complete section of recipes for egg, cheese, cereal and pasta casseroles is also included. A boon to the busy homemaker is the chapter on Convenience Casseroles which includes recipes for casseroles which may be prepared in advance of serving, those that may be frozen and those that can be prepared in less than one hour. A separate section on skillet meals is also featured.

In the "Breads" section, the homemaker will find complete sections on quick breads and yeast breads plus a section containing bread recipes from foreign countries.

The price of each book is \$2.95. The money which is raised from the sale of the books will be used to help provide a scholarship for some student planning to major in Home Economics.

Aileen Combs Installed As Worthy Matron Of Elizabeth Chapter

Mrs. Aileen E. Combs was officially installed as Worthy Matron of the Elizabeth Chapter No. 145, Order of Eastern Star at its regular meeting on Tuesday night, September 28, by her Aunt for whom she was named, Mrs. Melda Beaven.

Mr. E. W. Hacker was installed as Worthy Patron to en in the Installation included Gay Turner, Marshall; Minnie Campbell, Chaplain; L. y d a Hacker, Organist; Wynona Blackburn, Conductress; H. B. Noble, Warder and Joe L. Eversole, Sentinel.

After the meeting was over, refreshments were served during the social hour which followed.

Parents Urged To Join PTA

During the month of October an invitation is being given to the Nation to Join the P.T.A. Mrs. Jennelle Moorhead, President of the National Congress of Parents and Teachers states "The PTA is a national organization. It is a big organization, with millions of members. Yet the PTA is not remote or impersonal. It is a warm and friendly group. In local units parents, teachers, school administrators, and other citizens have opportunities to become co-workers and friends. Every PTA member has a chance to influence events in the community, the state, and the nation. Every member can help to bring about changes beneficial to America's children and youth."

Mrs. William B. Sturgill, Membership chairman for the Hazard P.T.A., says that many persons are under the impression that you must be a parent or teacher to become a member of the P.T.A. this is not true, for the invitation is extended to everyone who is interested in the welfare of our children and youth. She further stated that an appeal was being made to parents of all high school students enrolled in the Hazard High School to become members. Since this is the only method of raising money by the P.T.A., it is hoped that every parent, teacher or interested person will become a member of the P.T.A.

Clever posters have been painted for the Roy G. Eversole School depicting the Bulldog covered with fleas. Have you sent your dollar to help the Bulldog get rid of his fleas?

Hazard P.T.A. was recognized for being one of the largest P.T.A.'s in Kentucky during 1964-1965, and it is hoped that they will again receive this recognition for 1965-1966, and they can if you will only help. They also received the Oak Tree Award for having 100% membership enrollment. This goal cannot be reached unless every one enrolls in the membership drive.

Mrs. Beaven Hosts Friendship Club

Mrs. Melda Beaven was hostess to a dinner served at her home on Jordan Street Friday evening for members of the Friendship Club.

Those attending were: Mrs. Aileen E. Combs, Mrs. W. G. Beaven, Mrs. Floyd Baker, Mrs. Bess W. Draughn, Mrs. Sallie B. Smith, Mrs. Jessie Hobbs, Mrs. L. E. Bolton and the hostess, Mrs. Melda Beaven.

Guests were Mrs. Ernest Minnich, Mrs. Lester Eversole and Mrs. H. F. Boling.

Roundball Time Is Near

The time is not far away before basketball fans will start hearing the roundball pounce on the local hardwoods as some of the 14th Region clubs open the 1965-66 cage season in less than a month.

Fairce Woods' Breathitt County Bobcats have been practicing for quite a while and according to reports around the Jackson area the Bobcats are really looking forward to the new campaign.

Breathitt County is so high about the upcoming season that Fairce Woods has already released his roster.

Three seniors, six juniors and two sophomores make up the varsity squad for Woods this year, headed by 6-2, 198-pound senior Sam Turner.

One good reason why most foes can take the Bobcats seriously this year as they have in the past is that Fairce once again owns three big boys. Eugene Cundiff, Larry Noble and Gary Elam all stand 6-3 and are juniors.

Pirates Ready For Hazard?

Astor Sizemore's Bulldogs are headed for a big weekend this Saturday when the Hazard gridders hit the road for an encounter with Fleming Neon's Pirates.

From up Neon way, Pirate fans are expected to jam the Fleming field as the Pirates feel that this is their best opportunity to overtake Hazard that they have ever had. The Bulldogs have never been beaten by Fleming Neon.

In this corner's opinion, I think the Neon Pirates will still be looking for that first victory over Hazard when they meet again next year if the Bulldogs go at their business in a business like way. The bust-ss-like way is the treatment that the Bulldogs dished out to Lafayette week before last here when the locals handed the Lexingtonians a disgraceful 44-20 defeat.

Need Your Help

Here is a plea for all 14th Region cage coaches to send us their 1965-66 roster and schedule as soon as possible. We are planning more sports coverage than ever before and we need your help.

Mail all material to The Hazard Herald, Sports Department, Hazard, Kentucky.

QB Club Hears LSU Man

The Hazard Quarterback Club held their regular Monday meeting this morning at the Hazard Men's Club from 12 noon till 1:00 p.m.

LSU's sports publicity director was the visiting speaker on the state quarterback club hook-up which is originated in Lexington.

The publicity director stated that the Tigers' coaching staff had nothing but praise for the Kentucky team this year, and commented that the Wildcats is one of the best in the power-packed SEC.

Those attending the Quarterback Club meeting today were: Bert Biber, Bert Wayne, C. V. Cooper, Willie Dawahare, Tom Hansel, Smoky Jones, Ed Johnson, Astor Sizemore, Jack Carey, Blondie Eblen, George Kawaja, Glenn W. Combs, Gene Combs, Wick Johnson, Chalmer Lindon, and Oscar Combs.

Anyone who wishes to attend the Quarterback Club meetings should contact C. V. Cooper at the Hazard Insurance Agency.

Strip - Mine Regulations

(Continued From Page 1)

tomologist called by the strip mine operators to testify, said his studies in Western Kentucky showed that strip mine pits produce fewer mosquito larvae than either nearby farm ponds or marshes. Strip mine pits have steep sides that inhibit growth of vegetation in the water, he explained.

However, Smith said the salt-marsh mosquito seems to prefer acid water created by strip mining. He claimed the mosquitoes, native to the Gulf Coast, were "not in abundance" in Kentucky before the spread of strip mining.

Vigorous objection was also voiced against the prohibition of steep-slope mining in Eastern Kentucky. The basics of the State proposal calling for the prohibition are:

Stripping would not be allowed on slopes steeper than 58 per cent.

The "bench" width on slopes that steep could not be more than 95 feet. The "bench" is an area created on a slope where equipment can be maneuvered and the spoil piled.

The highwall on a slope steeper than 20 per cent, and where a bench is produced, may not exceed 48 feet. A "highwall" is the perpendicular face of a mountain overlooking the area exposed for stripping.

Five Eastern Kentucky witnesses backed a 175-foot maximum bench width on a slope higher than the State-proposed 58 per cent.

They said the State's narrow bench widths would not allow operators to expose enough coal to be profitable, and would not allow room for piling spoilbanks and moving equipment.

However, only 22 out of 112 Eastern Kentucky strip mine operators surveyed last month fail to meet the stiffer conditions of the proposed regulations, Roy Mullins, area supervisor in Eastern Kentucky for the State division of Strip Mining and Reclamation, said.

State Natural Resources Commissioner J. O. Matlick said the Strip Mine and Reclamation is likely to make some changes in its proposed regulations. He said it would be three weeks before the transcript of the hearing would be available for study. Other members of the commission are Mines and Minerals Commissioner Ambrose Mandt and Strip Mining and Reclamation Director Elmore Grim.

Hazard Wins 21-0; Hogg Tallies 3 TDs

by Oscar Combs

Versatile Houston Hogg played probably his best game of football ever Friday night when he scored three touchdowns and gathered 223 yards (that's right 223 rushing as the Hazard Bulldogs shutout Jenkins 21-0 at Jenkins.

Hazard ended the contest with 311 yards rushing and 58 yards passing as the Bulldogs scored in first and fourth quarters.

The Bulldog defense was at its best Friday as tackle C. V. Cooper paced the Hazard defense with nine unassisted tackles. Freddy Hogg and Bervin Collins collected eight each and O. J. Rowe came up with seven tackles.

Houston Scores Early

Houston put the game on ice on the Bulldogs' very first play from scrimmage after Hazard forced the Jenkins club to punt after three plays.

On a first-and-ten situation from the Hazard 44, Houston raced 56 yards for a six-pointer and a 6-0 Bulldog lead. Rowe added the extra point and the score stood at 7-0.

Jenkins remained in contention until the final quarter as Hazard failed to score again until the last frame.

Hogg Scores TD

Hogg reached paydirt from four yards out early in the final stanza for a 13-0 lead and Rowe added the second extra point for a 14-0 lead.

Houston added the final touchdown late in the game on a one-yard plunge. Rowe converted again and the Bulldogs owned a 21-0 victory.

In winning, the Bulldogs im-

Houston Hogg

proved their record to 4-2 while Jenkins suffered their first EKMC defeat of the season.

Hazard now prepares for this Saturday night's encounter with Fleming Neon on the latter's home ground.

USAF To Accept Some Military Men

Sergeant Curt Hammonds, Hazard, Ky., US Air Force Recruiter, announced today that the Air Force is NOW accepting men with prior military service in any branch of the Armed Forces, for enlistment and reenlistment in the U.S. Air Force IN THE SAME GRADE OR RATE HELD AT DISCHARGE, depending on the amount of time since discharge.

and the military job held while in service.

According to Sergeant Hammonds, the US Air Force is in need of men in practically all military job specialties such as personnel, administration, supply, mechanics, electronics communications, military police and a host of other specialties. Sergeant Hammonds stated that men accepted under this program will get to select their choice of assignment BEFORE enlistment and WILL NOT be required to undergo basic military training. Also, he is authorized to grant a man 30 days advance leave prior to reporting to his initial duty base.

All men interested in learning more about this new program should contact Sergeant Hammonds at the US Air Force Recruiting Office located at Pikeville, Ky., in the Federal Building or by telephoning 432-2159 or 432-1352.

Five Good Reasons To Vote For EARL M. DEATON County Court Clerk

1. He is qualified to serve as County Court Clerk. He graduated from Breathitt County High School and attended Lees College, Morehead State Teachers College, and the University of Kentucky. He taught school in the Perry County schools for seven years and worked in the offices of Columbus Mining Co., Blue Diamond Coal Co., Jewell Ridge Coal Corp., and Home Lumber Co., more than 21 years. He worked for these companies as a scrip writer, payroll clerk, shipping clerk, office manager, and general bookkeeper.

2. He is a family man, and, not being wealthy, must work in a profession for which he is qualified. He has a wife, Gretchen, the daughter of the late Solomon Noble and Mattie DEATON Noble of Haddix, Ky., a son, Earl Jr. (PODY) with the U.S. Army in Viet Nam, and a daughter, Phyllis Anne, a senior in Hazard High School. His opponent has no dependents, and is considered a WEALTHY person.

3. Having been raised in Perry County, he understands the people of this county. He has been in direct contact with the public over 25 years of his working life, and realizes the responsibilities and problems of the citizens of this area.

4. He does not wish to serve in this office for the REST OF HIS LIFE. He certainly will not ask the voters to elect him for FOUR TERMS, but will voluntarily relinquish the office within a reasonable time. He certainly will not say at the end of each term "Elect me one more term, and I will not ask again".

5. To serve in this office has long been one of his desires. Since early manhood he has planned to seek this office, and feels that this is the most opportune time.

When elected to serve the people of Perry County in this important office he pledges the following:

1. To employ only qualified personnel to staff his office.
2. To give prompt and efficient service to all regardless of their political affiliation, race, creed, or color.
3. To give his fullest cooperation to the Attorneys, the Purgation Board, the Fiscal Court, and all other governmental agencies in Perry County, as long as it shall be to the best interest of the people of this county.
4. To Preserve, keep, and protect all the records of this office at all times.
5. To devote his full time to the operation of this office.

ANY AND ALL SUPPORT WILL BE GREATLY APPRECIATED.

Renown Traveler, Dr. J. H. Furbay To Speak At UKREA Meeting Here

Dr. John H. Furbay of New York City who speaks here Oct. 14, at the UKREA, has for years been circling the globe like a human satellite on various missions for business, government or scientific explosion. His magic-carpet life has taken him to countless strange lands, where he has lived with the peoples, learned their customs and written about their ways of life.

Whether he is in Africa, Latin America, the Orient or any other part of the globe, his main interest is people. He has found that people are alike fundamentally, no matter where they live. This even holds true of cannibals. Dr. Furbay has spent time with several cannibal tribes in West Africa and in the South Pacific. He learned that they were a gentle and intelligent people with beautiful traditions, well-ordered society and smooth family life.

Although our civilization can offer these primitive natives better health and medical care, he believes it doubtful that we have much to offer in the way of personal happiness. He conducted a series of intelligence tests with these natives, and found that although their customs and ways of life differ greatly from ours, their intellect compares well with that of the civilized world.

Drawing upon his fabulous experiences as Director of TWA's global program of Culture and Education and his years of Government service abroad, Dr. Furbay has dedicated himself the task of breaking down the barriers of misunderstanding created by our ignorance of other people's philosophies of life.

With mass travel on the part

of Americans in the Jet Age, the problem which faces us is "How can we correct attitudes of intolerance and prejudice and create travelers who can understand their world neighbors?" Dr. Furbay says, "We must recognize that the standards by which we judge progress and superiority are not necessarily the standards used by other peoples."

Many nations whose scientific developments and mechanical achievements have not ascended to the heights of our own can teach us many valuable things in other areas of living. He urges that we develop a genuine appreciation of other peoples, their history, philosophy and contributions to world culture.

"Forgive me for butting in but I feel I've some interest in this case."

Annual Meeting of Three Forks

Association Set For October 14-15

Baptists from four counties will gather on October 14 and 15 for the annual meeting of the Three Forks Baptist Association to be held at Big Creek Baptist Church and First Baptist Church, Hazard, respectively.

The meeting at Big Creek on October 14 will convene at 9:30 a.m. with Rev. T. H. Harding, Moderator, presiding.

Highlighting the morning session will be the Moderator's address by Rev. Harding, the annual sermon by Rev. Archie Everage, and the adoption of the budget for the coming year. Lunch will be served by the host church at 12:00 o'clock.

The afternoon session will be given to election of officers, program reports, and the doc-

trinal sermon by Rev. J. S. Bell of Hindman.

Only a night session will be held on October 15. The entire session beginning at 7:00 p.m. will be devoted to the work of the association and the churches.

A program of choral music will be given by several graded choirs, ranging from small children to adults. A visual presentation of the work of the churches will conclude the night session.

PTA Renews Invitation: Join Now!

As 50,000,000 American children move forward in the current school year, their parents and teachers will receive an invitation, issued to the nation, to join the PTA.

The National Congress of Parents and Teachers now has under way its annual membership enrollment, aiming to add new members as it tackles 11 "critical issues" that affect children today — issues such as financing public education, educating for a changing society, helping disadvantaged children, saving the peace and coping with the responsibility of parenthood, including sex education.

This undertaking, to be carried out in a three-year action program, "will tax PTA resources to the utmost," says National PTA President Mrs. Jennie Moorhead. "It is not too much to say that the outcomes of these issues will have far-reaching, fateful consequences for our nation and its children."

A sample of the PTA's effectiveness in action—specifically, action to help disadvantaged children—was its Books for Ap-

polachia program of early 1965, when, in five months, PTA's throughout the country collected more than 1,200,000 children's books and sent them, in bookcase boxes, to the hundreds of barren, one- and two-room schools in the Appalachian mountains.

"This was a special project," Mrs. Moorhead recalls, "and our routine programs can be equally effective in advancing children's

Magazine, used as a basic text by PTA-sponsored study-discussion groups in many communities. In other scheduled articles, parents will be given suggestions on how to prepare for a conference with the teacher, as well as challenging views on IQ tests, ability grouping and student cheating.

The PTA's official magazine also provides regular services to thoughtful parents: previews of motion pictures—graded for children, adolescents and adults; reviews of television programs along with names of their sponsors; regular reports on "what's happening in education" and news of medical developments that affect children's health.

All is information that will be used by PTA's as they program their current attack on critical issues. Other matters on that action calendar are equalizing educational opportunity; clarifying the responsibilities for educational decision-making; extending and strengthening community services;

Combating moral, spiritual, and civic apathy; eliminating certain health and safety hazards and safeguarding individual rights and liberties.

Charles Panky Among Vo-Students Studying At Parks Job Corps Center

Nearly 1,000 young men have entered vocational training at the Parks Job Corps Center near Pleasanton, California, and of this number more than 250, or 27 percent are enrolled in the study of Electronics. The corpsmen enrolled in Electronics are pursuing skills which will ultimately qualify them in the various occupations in three broad categories—basic electricity, resistance welding and electronic manufacturing.

Oilmen From Area To Meet in Hazard

Oilmen from Perry and five-center and technical clearing—other area counties will meet here Monday, October 11, to discuss "opportunities and problems" they and area motorists in the conference are Breathitt, face, according to Otis Combs, Knott, Lee, Owsley, and Wolfe, coordinator of the meeting.

Principal speaker at a 6:30 p.m. dinner at Do's Restaurant here will be John W. Fish, assistant director of the Kentucky Petroleum Council. The \$176 million bond referendum, highway financing, and highway safety are among topics to be discussed.

Everyone in the oil business, Combs said, is invited to the meeting. Membership of the county oilmen's organizations, he went on to say, includes jobbers, salesmen, dealers, office employees, service station operators and their employees, bulk plant managers, and employees, and agents.

The county petroleum committees are affiliates of the National Kentucky Petroleum Council, a Conference held in the Grand state oilmen's association which Teton Park on the subjects in serves as a forum, information which she is well versed.

Mrs. Combs Speaks To Hazard Lions Club

The Hazard Lions Club at its last meeting enjoyed a very informative lecture on conservation of forests, wild life and objects of nature in the United States by Mrs. Gene Combs. Some unusually good slides on the Grand Teton and Yellowstone - National Park were shown.

Mrs. Combs has done an outstanding job with the local Garrodes Club and the community effort to clean and beautify our local premises and landscapes. She was one of the Kentucky representatives at a National Conference held in the Grand state oilmen's association which Teton Park on the subjects in serves as a forum, information which she is well versed.

with the maximum opportunity for individual work experience in a realistic setting in order to enable him to become gainfully employed in an occupation for which he has received thorough training. Progress is accomplished at each corpsmen's individual pace and graduation is based on performance requirements — not achievement within a specific period of time.

The vocational training program emphasizes the needs of the corpsmen, providing him and Mrs. Alfred Pankey.

In Kentucky
after a day's fishing
beer's the one...
for good taste,
good fun

Wherever you fish for sport—on the
ocean, by the booming surf, or on some
quiet country pond, it's great at the end
of the day to head for a rewarding glass of beer.
While you're talking over the ones that got away,
or pan-frying the ones that didn't, you enjoy the
hearty taste and cool refreshment only a glass of
beer can give you so well. Yes, whatever your
sport—bowling or strolling, golfing or gardening
—a frosty glass of beer makes a naturally
great accompaniment.
